

Transparent and simple: Exchange-traded index funds for your clients

Are your clients looking for an alternative to low-interest savings deposits?
Do they want to invest in transparent and simple funds
to participate in the capital markets?

ETFs can be an attractive option to propose when offering advice and planning tailored to client needs.

- ✔ ETFs are index funds that are traded on the stock exchange.
- ✔ ETFs allow risks to be diversified in a portfolio.
- ✔ ETFs generally have lower costs.
- ✔ ETFs are suitable for long- and short-term investments.
- ✔ ETFs invest in different asset classes, regions, sectors and strategies.

We provide you and your clients with a full range of ETFs to help you meet your clients' investment objectives. For more information, please see overleaf.
